Editing

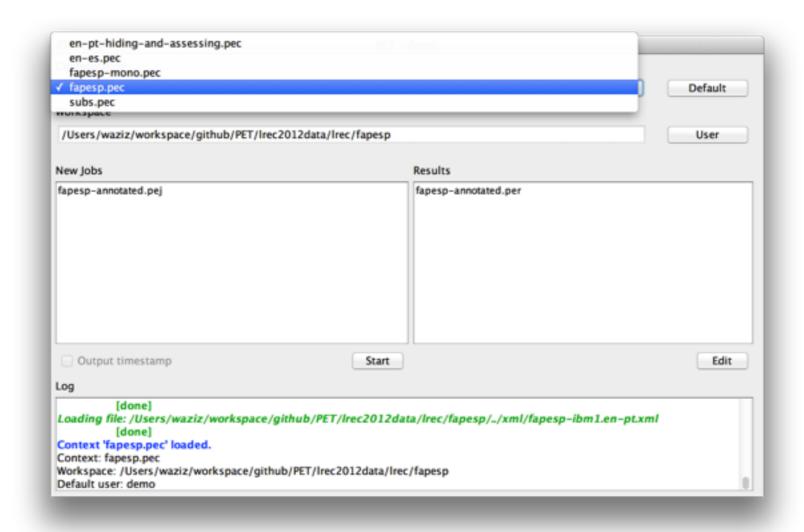

Logs edits, time, keystrokes, navigation, etc.

we log each and every unit (unit can be a segment, paragraph or whole text)

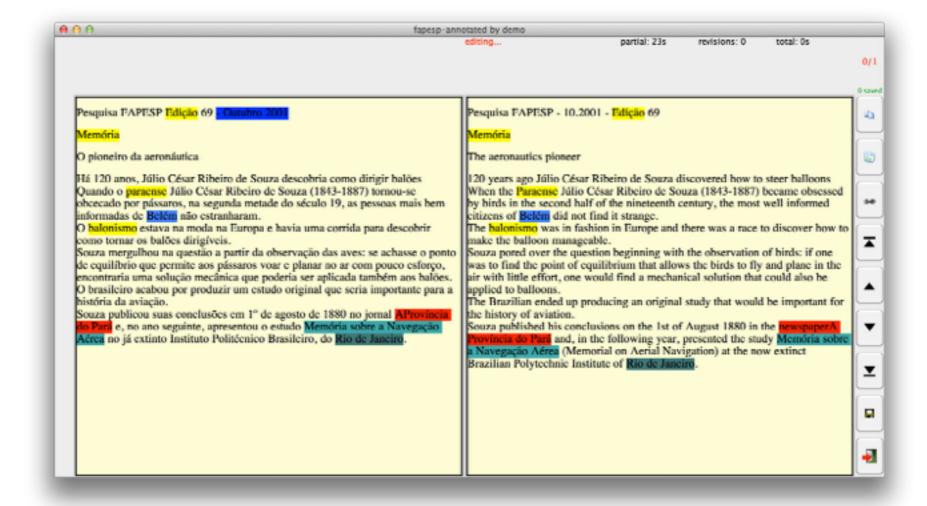

Back to menu

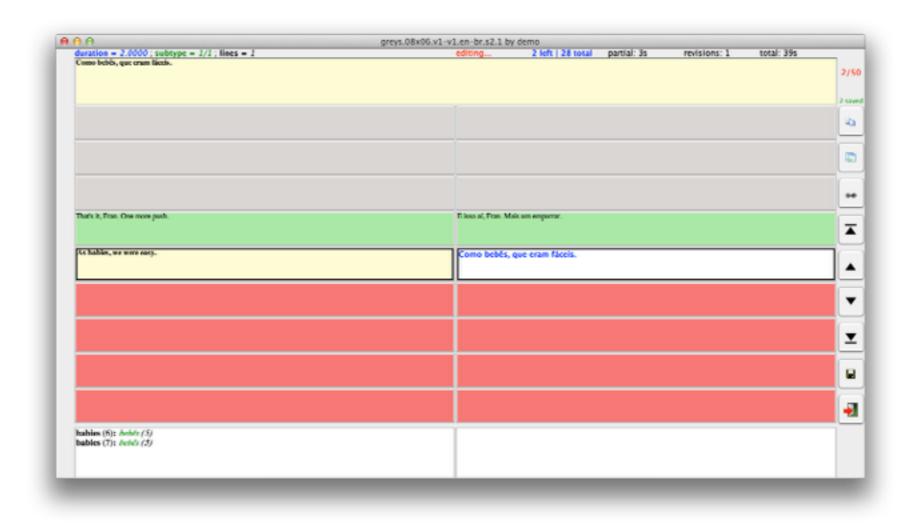

Other tasks

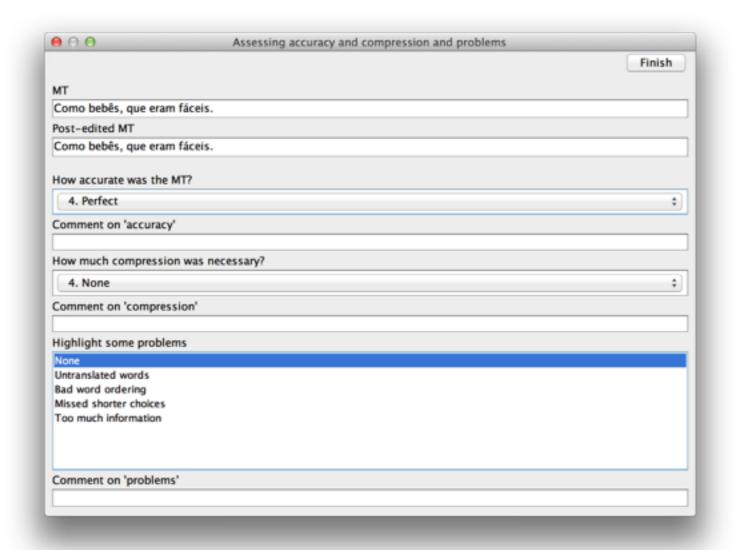

One can pre-configure a number of different tasks

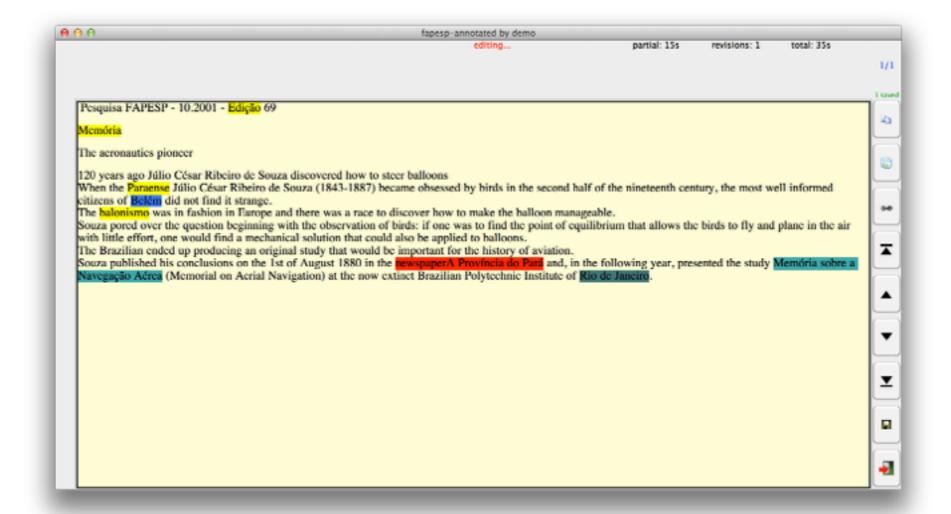

such as post-editing of a whole document

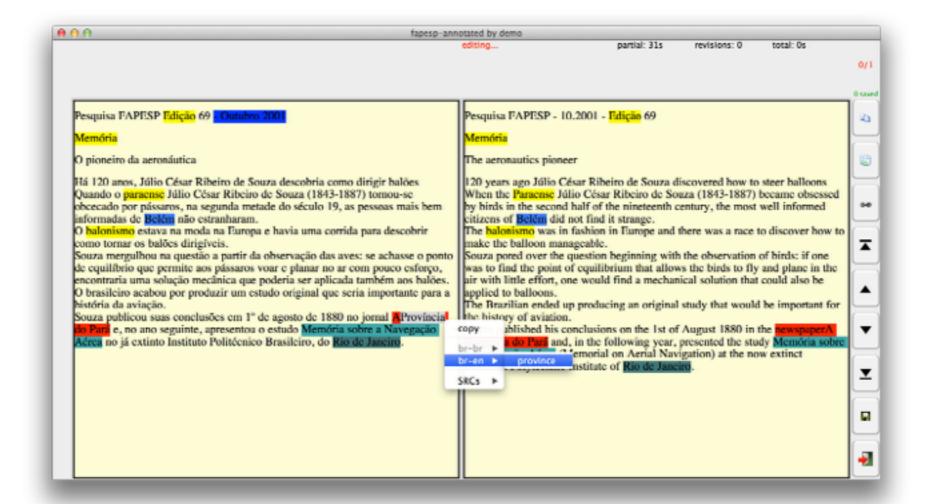

one segment at a time (hiding forthcoming segments)

collecting explicit assessments after each unit

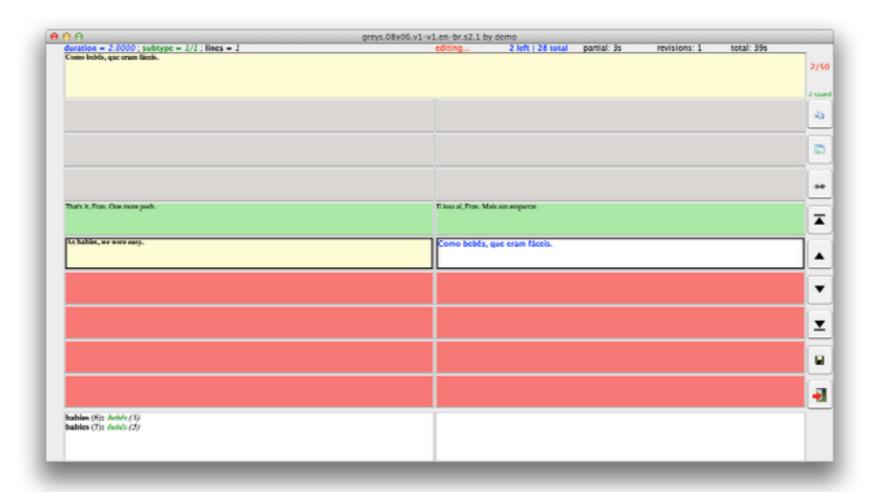

monolingual post-editing or revision

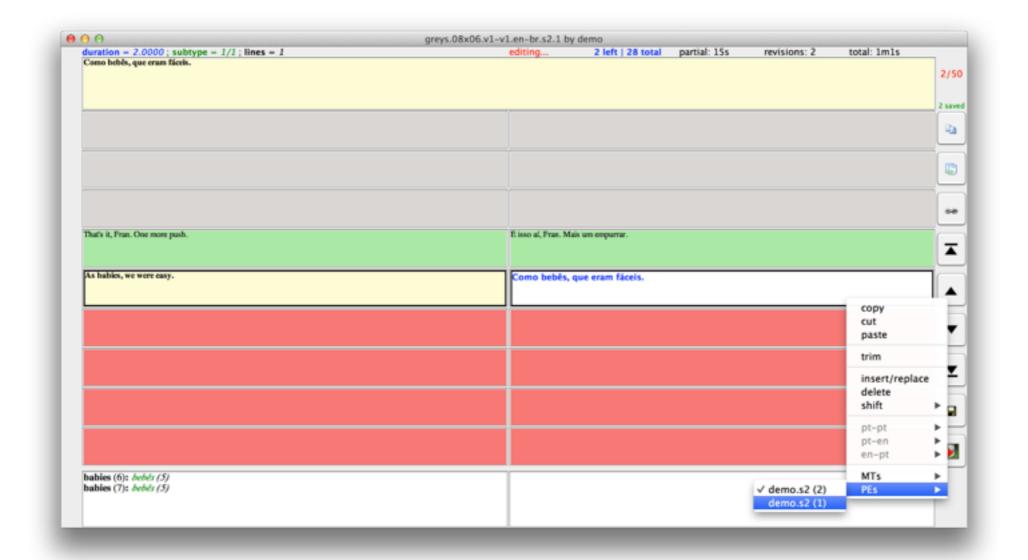

Dictionaries

monolingual and bilingual

. . .

More

multiple MTs, version control, support to length constraints

For even more and to contribute features
